

Brand: Ranger

Model: RFJ-3000LPF

Description: 1-1/2 Ton Low Rider Super-Long Floor Jack

Reach Jacking Points on Low-Rider Vehicles

The Ranger RFJ-3000LPF Low Rider Super-Long Floor Jack features a lowered profile of only 2-3/4" and an astonishing 34" long chassis to easily reach the factory approved jacking points on most low ground-clearance vehicles. With a 1-1/2 ton lifting capacity and accurate direct-drive pump operation, this floor jack is the ideal combination of power and precision. Plus, the Ranger RFJ-3000LPF is constructed out of durable heavy steel and employs double-sealed hydraulics to extend the service life, so you know it's built to last.

Features

- Long-reach chassis.
- Low-profile design accommodates low ground-clearance vehicles.
- Swivel casters for easy mobility.
- Professional model designed for heavy use.
- Direct-drive pump operation for precise control.
- Heavy steel construction for maximum durability.
- Double-sealed hydraulics for longer service life.
- Sealed hydraulic unit prevents contamination.
- Safety-overload system.
- Flanged side plates for increased strength.
